Who Does Your Family Washing?

When the weather is cold, your wash-woman is sick, when it rains, you cannot get the clothes dried, and finally, when you do get them they are covered with soot, these are just a few of the disappointments in depending on home washing. Why not try our service—we have plenty of good, clear, soft water, a great big drying room, and an immense flat work ironer to take care of the unstarched pieces. Each family wash is washed and kept separate from any other and given just as much care as if we were doing it in your home. We wash every day except Saturday and washes coming in before noon on Friday, will be delivered Saturday. Our charge is 5 cents per pound, and remember, you get your flat work ironed free of cost. Let us come for your clothes this week and avoid the disappointments of home washing. Our phone number is 130.

Make Your Home Brighter.

There is no question in your mind, but that Electricity is the only satisfactory method of lighting. Nothing but its expense has kept you from enjoying its many advantages. Let me come and lay out a practical plan for lighting your home, and explain the "Mazda Lamp," that has made electric lights so cheap that it is in reach of all.

FARMERS' WEEK IS CROWDED FULL

College of Agriculture and State Board at Columbia Co-Operate in Program.

Farmers' Week at the University of Missouri at Columbia, January 11-15, 1915, promises to be "bigger and better than ever." From the very first night's program, when Dr. H. J. Waters, president of the Kansas State Agricultural College and former dean of the College of Agriculture at Columbia, will give an illustrated lecture on world agriculture, the week promises to be as interesting as instructive.

The evening programs throughout the week will be held in the University auditorium under the auspices of the State Board of Agriculture. Noted speakers will be in Columbia for these meetings.

During the day the short courses for women, and also for boys and girls, will be conducted by the faculty of the College of Agriculture. These short courses will begin at 8:30 o'clock and close at 1:30 o'clock. From six to ten lectures or demonstrations will be given each hour, so that it will be impossible for anyone to hear or see all. Each person will choose the courses they would rather take, the ones they are vitally interested in. Every subject of interest to the farmer, his wife, and his boy and girl, will be covered in these short courses.

During the afternoons, fifteen

of the twenty state organizations connected with agriculture, will hold their annual corn show at Columbia during the week, and has offered a large number of valuable premiums. There will also be judging contests, both corn and stock, for both boys and girls under the auspices of the Boys' and Girls' clubs of the state. The state clubs will have an exhibit at Columbia during the week.

The crowning event of the week will be the big banquet given by the University of Missouri to the visiting farmers Friday night, January 15, at the close of the week. One of the prize steers will be killed for this big feast, and everything served will be from the agricultural college farm.

Last year there were more than 2,600 farmers there during the week, registering from ninety-two counties of the state and from eighteen other states. It looks like there will be at least 3,000 there this year.

Wilmot Kenney returned to Kansas City Sunday evening after a visit here with homefolks.
